SUMMARY

Driven CSE student from SRM Ramapuram, also pursuing BS Data Science at IIT Madras. Passionate about Data Science, ML, Cybersecurity and AI. Actively building skills through projects, internships and continuous learning. Adaptable, curious and eager to contribute to tech-focused teams.

PROGRAMMING LANGUAGES

- C
- C++
- Python

CERTIFICATIONS

- Deloitte Australia - Technology Job Simulation - Forage
- Deloitte Australia - Cyber Job Simulation - Forage
- Accenture Nordics - Software Engineering Job Simulation - Forage
- Data Structures and Algorithms - NPTEL
- Web Development Fundamentals – IBM SkillsBuild

EXPERIENCE

Sundarbans House – Member (2025 – Present)

Andropedia — Technical Domain Member (Sept 2025 – Present)

- Active member contributing to tech-related tasks and initiatives.

Edunet Foundation — Frontend Web Developer (Aug 2025 – Oct 2025)

- Built responsive websites using HTML, CSS, JS.
- Explored frontend & backend basics.
- Used Git & GitHub for version control.

PROJECTS

Facial Emotion Recognition (Sep 2025 – Oct 2025)

Implemented a CNN-based model for classifying seven facial emotions using 48×48 grayscale images. Performed preprocessing, normalization, label encoding, dataset structuring, and trained the network using dropout and EarlyStopping. Achieved ~65% accuracy.

EDUCATION

IIT Madras — BS in Data Science (2024–2028)
CGPA: 7.5

SRM IST Chennai — B.Tech CSE (2024–2028)
CGPA: 9.6

Vana Vani Matriculation Higher Secondary School — High School, Computer Science (2010–2024)
Grade: 93.2% - Centum in Computer Science
